## Chateau Montelena Wine, Tastings & Virtual Tours

As one of the most historic wineries in Napa (also featured in the popular movie, *Bottle Shock*), Chateau Montelena offers great-tasting wine for your hard-working dad, perfect for the dinner table. The winery's green system allows for the entire Chateau Montelena Estate to be powered by the sun. Montelena is offering virtual tastings and tours, including one-on-one tastings with a member of the hospitality staff, if you'd like to set that up for him to go along with this great bottle of vino. As their winemaker says, "It's alive!" **From \$35**
